## Conférencière

Ms. Lola Karolina Welch  
RDT, DTG  
Hove, United Kingdom

Lola Welch RDT, DTG is a Senior Prosthetic Technician at Ceramic Designs Laboratory in Hove.

She has 20 years of experience working with implant supported restorations, starting from implant planning through to immediate load conversion and final permanent restoration.

Lola has a special interest in digital prosthetic workflows and high aesthetic denture customisation.

She is an All On X expert, lecturer, educator, published author and KOL for major implant and dental supply companies.

Lola is an official member of the Dental Technicians Guild.

## THE ART OF DIGITAL DENTURE CHARACTERISATION

**The workshop will offer a lecture followed by a live demo covering all the aspects of digital denture characterisation starting at surface preparation, through soft tissue anatomy to final colour mapping and finishing touches.**

At the end of the presentation, the attendees will have the knowledge to apply correct protocols of the procedure and will have a thorough understanding of recreating a natural-looking restorations.
